

AIMAFER

SYRUP & TABLET

For iron deficiency anemia

INDICATIONS:

Iron deficiency Anemia

Pregnancy and lactation.

Blood loss

Fatigue & weakness

Low hemoglobin

Heavy menstruation.

ROLE OF INGREDIENTS:

Iron bisglycinate:

- It is a chelated and highest absorbable form of iron.
- This novel type of iron is gentle on the stomach and does not cause constipation.
- Provides a safety margin of 125 fold above the provision at maximum tolerable daily intake of other iron salts.

Vitamin C:

- Vitamin C is vital for both mother and baby.
- Promotes a healthy reproductive system in both men and women.
- Helps to boost immunity and improves the ability to absorb iron.

Vitamin B₁₂:

- Vitamin B₁₂ works with folic acid to control high homocysteine levels to lower risk factors for preeclampsia, neural tube defects and neuron dysfunction.

Highest absorption rate, highest among all iron salts. Iron bis-glycinate is easily absorbed without causing constipation

Vitamin C, folate, and vitamin B12 work synergistically to boost hemoglobin levels.

Iron bis-glycinate is gentle on the digestive system than other iron supplements.

Superior Quality, Laboratory tested Non-GMO, Gluten-Free and Soy-Free.

COMPOSITION:

AIMAFER SYRUP:

Each 5 ml Contains:

- Iron Bisglycinate chelate: 130mg
(eq. to Elemental Iron (USP) 26mg)
- Vitamin C (BP): 25mg
- Folic Acid (BP): 125mcg
