

BRONXI[®]

SYRUP

A NATURAL COUGH SUPPRESSANT

INDICATIONS:

ROLE OF INGREDIENTS:

IVY LEAF:

- ♦ Ivy leaf contains saponins which are considered to have mucolytic, spasmolytic and bronchodilatory effects.
- ♦ Acts as an antitussive and expectorant to relieve cough and typical complaints associated with bronchitis.
- ♦ Prevents increased formation of viscous mucus, shortness of breath and irritation of the throat.

LICORICE:

- ♦ Licorice contains isoflavones which helps to relieve cough and reduces bronchial spasms.
- ♦ Acts as an antitussive and has a soothing effect on the sore throat.
- ♦ It acts as a demulcent and expectorant that helps to get rid of phlegm.

MORUS NIGRA: (Black mulberry)

- ♦ Helps to prevent lung infections with its antiviral and antibacterial properties.
- ♦ Inhibits the growth of influenza viruses and pneumococci, pathogens responsible for lung infections.

ADHATODA VASICA: (Malabar nut)

- ♦ A herbal remedy to prevent cold and cough.
- ♦ Prevents whooping cough and chronic bronchitis and asthma,
- ♦ Acts as an expectorant, antispasmodic and anthelmintic
