

COSTIO-D

TABLET

FOR STRONG FORMATION OF BONE

INDICATIONS:

ROLE OF INGREDIENTS:

Calcium carbonate:

- Essential for normal functioning of bones, nerve cells and muscles.
- Prevents bone loss and reduces fracture risks.

Vitamin D3:

- Facilitates intestinal absorption of calcium.
- Helps in mineral metabolism and bone growth.
- Stimulates absorption of phosphate & magnesium ions.

Vitamin K2:

- Regulates proper calcium absorption.
- Increases bone mineral density and reduces fracture risks.
- Prevents calcium from hardening in blood vessels.

Zinc:

- Stimulates bone formation
- Preserves bone mass.

Magnesium:

- Increases bone mineral density & reduces risk of fractures.
- Maintains bone homeostasis & integrity.

**1000 mg
calcium with
highest potency**

**Contains the highest
percentage of elemental
calcium (40%)**

**Offers faster
and better absorption**

**A comprehensive formula
of Calcium with
Vit. D3, Zinc , Magnesium
& Vit. K2**

**Facilitates maximum
absorption of calcium
with Vitamin D3**

COMPOSITION:

Each tablet contains:

Calcium carbonate (BP).....	1000 mg
Vitamin D3 (BP).....	600 IU
Zinc Sulphate (USP).....	26.00 mg
Magnesium Oxide (USP).....	32.00 mg
Vitamin K2 (USP).....	25.00 mcg

DOSAGE:

1-2 tablets a day preferably with a meal or as directed by the physician.

PRESENTATION:

Available in 2 x 10's Alu-Alu Blister Pack.
