

Vinleaf

SYRUP

FOR COUGH & SINUS RELIEF

INDICATIONS:

Sore throats

Bronchitis

Asthma

Respiratory discomfort

Productive & non productive cough

Dry cough

ROLE OF INGREDIENTS:

Ivy Leaf:

- ◆ Ivy leaf contains saponins which are considered to have mucolytic, spasmolytic and bronchodilatory effects.
- ◆ It is used as an antitussive and expectorant to relieve cough and typical complaints associated with bronchitis, increased formation of viscous mucus, shortness of breath and irritation of the throat.

Thymol:

- ◆ It is a component of thyme herb extract, a terpene with antibacterial, antifungal, and antioxidative activity.
- ◆ It is known to modulate mucociliary transport, airway β_2 receptors, and combined with ivy extract attenuates coughing in children with acute bronchitis.

EFFECTS OF IV-LEAF:

Anti-inflammatory

Anti-oxidant

Anti-microbial

Anti-arthritis

Anti-viral

A pure herbal
formula

Non drowsy,
