## INDICATIONS:

Sore  
throats

Bronchitis

Asthma

Allergies

Respiratory  
discomfort

Productive  
and non  
productive  
cough

Dry cough

## ROLE OF INGREDIENT:

### IVY LEAF:

- Ivy leaf contains saponins which are considered to have mucolytic, spasmolytic and bronchodilatory effects.
- It is used as an antitussive and expectorant to relieve cough and typical complaints associated with bronchitis, increased formation of viscous mucus, shortness of breath and irritation of the throat.

**Specifically formulated  
for infants & young  
children with no side  
effects**

**Convenient to use**

**Clinically proven  
efficacy and tolerability**

**Natural and pure  
herbal formulation**

**Available in dropper  
bottle to ensure  
accuracy**
